The response to the Restriction Requirement filed on May 12, 2003 is not fully responsive to the prior Office action because:

Applicant did not elect a species for part A of the species requirement. Applicant was required to elect a SPECIFIC species of joining molecule, such as the helix-turn-helix motif or the dendrimer recited in claim 39.

Applicant did not elect a species for part C of the species requirement. Applicant was required to elect a SPECIFIC species of cell surface target molecule, such as the CD2, CD3, CD4, CD8, etc. recited in claim 42.

Since the submission appears to be a bona fide attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).
